Water Solutions

Sebalog D-3 - The most universal Data Logger

Thanks to its compact and robust design and the totally waterproof housing, the Sebalog D-3 data logger is very hard-wearing. It reliably informs you of the flow rate status from the pressure and flow measurements in your supply network on up to 4 channels.
It sends the latest data automatically on a day-to-day basis via 2G or 3G to your control centre or can be received, edited and displayed within the SebaCloud or the new POSEYEDON cloud platform.

Always up to date with the online measurement and alarm function
Great emphasis was placed on user-friendliness with the Sebalog D-3. It supports online measurements on all channels which enables you as the user to access any saved measurement data and up-to-date readings at any time from the convenience of your smartphone.

Feel secure!
The Sebalog D-3 alarm feature can inform you immediately if there is a significant change in the pressure level or flow rate, because the current measuring data of the Sebalog D-3 are directly available online after an alarm. You have a reliable overview of your data - no matter where you are - to know exactly where the source of the noise is located.

Pressure Alarm: 1.67 bar

Sebalog D-3	
Protection Class	IP68
Temperature Range	-20°C bis +60°C
State Control	LED
Weight	900g
Dimensions	185mm x 115mm
Power Supply	
Internal Lithium Battery	Up to 5 years (standard configuration)
External Battery	Optional
External Power Supply via VK 76	12V 1.5A
Input (max. 4)	
Digital	4, frequency/pulse
Analogue	2, 0 ... 5V/0 ... 20mA
Relays Input	2
Relays Output	2
Collection of Data	
Internal Pressure Sensors	0 - 16 bar (standard), 25 bar, 35 bar
Recording Interval	1 sec - 24h
Memory	Up to 1.7 Mio. measurements
External Memory	SebaCloud
Alarm Messages	SMS, e-mail
Communication	
SebaCloud 7 FTP Server	SebaDataView-3 / SCADA / GIS
Communication	GSM / GPRS / 3G / UMTS
